

## **Different perspectives help us all to achieve more.**

Our mission is deeply inclusive: empower every person and every organization on the planet to achieve more. We expect each of us—no matter what our level, role or function is—to play an active role in creating environments where people of a diverse range of backgrounds are excited to bring all of who they are and do their best work.

## **Jumpstart your career**

Our university recruiting cycle starts with new job postings going live every August. We highly recommend applying early as applications are reviewed on a rolling basis.

Microsoft internships will be built for in-person and virtual experiences. The hybrid by design approach at all our locations around the world will provide a high-quality experience while keeping the health and safety of our employees, interns, and their families at our highest priority.
